Additional TA-related comments (e.g., about the discussion/lab/studio section, TA's teaching style, etc.)

This TA was very helpful. He cleared up most to all of my confusion from class. He always was kind and tried his best to help us in any way possible.

Matt knows his stuff and is willing to help you understand the material Discussion is important to go to as there also maybe quizzes or hw due Matt was really helpful and understanding Thanks

TA was great at clarifying topics from lecture, in some cases was better than the Professor himself
He is the best TA I have had so far.

Matt made considerable efforts throughout the semester to be there for us, and he was available to answer questions frequently. I learned more from him than I did from the lecture, and he is amazing at what he does.

Grade distribution is current as of January 9, 2013 and includes students receiving a W for the course.
