Additional TA-related comments (e.g., about the discussion/lab/studio section, TA's teaching style, etc.)

The best TA I have had so far. He was very well versed in our material, and was able to answer all questions. anything he was unsure about, he would make sure to get back to us. He made sure we understood the material and took things step by step, making hard concepts easier to grasp. Very nice and supportive person. Did his best to make sure we were always prepared

A very informative TA. I learned just as much from discussion as I did in lectue
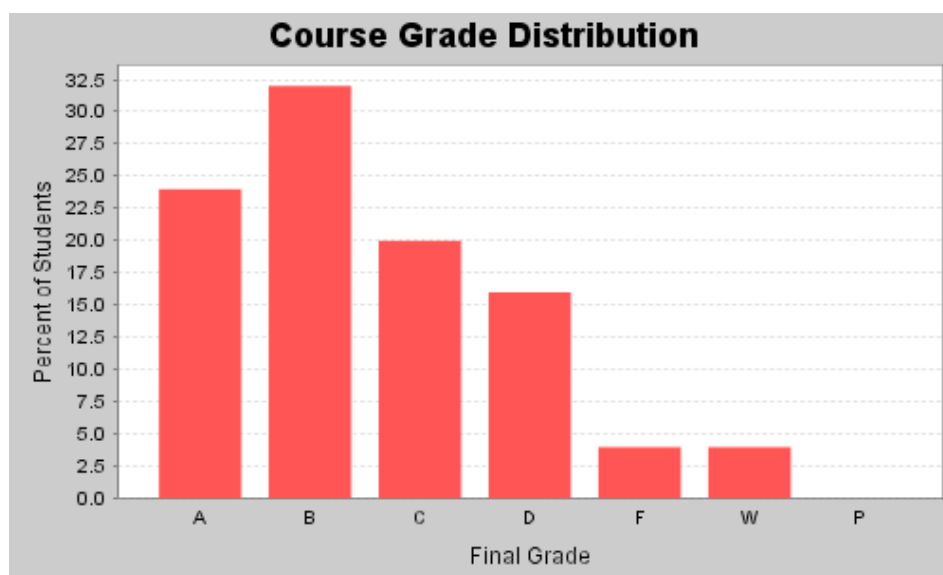

The TA made what was taught in lecture seem so much easier which was a good thing. He explained the material well and it was easy for me to understand and do the homework.

Matt is a GREAT TA. He helped me out a lot and he made sure that I understood all concepts. He always kept his office open for students and he made time to help his students before exams. Matt was truly a Great TA!

Matthew Whiteway was a very effective TA. He had a really good teaching style and was very good at explaining the concepts.

Matt Whiteway was an excellent TA! He did a great job clarifying the context discussed in lecture.

This was a really really good TA. I learned the majority of this class' work in my discussion. The TA was able to communicate the material much more effectively.
